AFZN-BA-CO

MEMORANDUM FOR 1st Brigade, 1st Infantry Division (Mech)

SUBJECT: Training Event Concept Briefings

1. PURPOSE: To outline requirements for briefing the brigade commanders on collective and high priority training events.
2. Battalion commanders will brief the brigade commander on upcoming training events that are collective field training (gunnery, Plt STX, etc.) and high priority training (EIB, EFMB, etc.). This can also include a special range program you have developed or an innovative approach to a standard training event.
3. The intent of the briefings is to keep the brigade commander informed on training and resourcing in the brigade. The format is up to the battalion commander, but a desk side briefing: including the training objectives, resources required, estimated cost, concept of execution, and how the training fits into the battalion training strategy is recommended as a minimum. Include implementation of the 8 step training model in the concept of execution portion of the briefing.
4. The briefings will be conducted with the brigade commander 6 weeks from execution date. This will allow the battalion to discuss resource lock-in or confirmation. Briefings will be scheduled through the Brigade S-1 in coordination with the Brigade S-3.
5. "Devil Brigade!"
